**Pure essential oils**

Obtained exclusively by passing through steam (steam distillation) or by expression in the case of the citrus fruits peel. Highly concentrated vegetable extracts.

 \* 1% dilution in deodorised organic vegetable oil (*Helianthus annuus*)

**Tinctures**

The alcoholic tincture, called infusion in the perfume language, is an old technique of cold extraction. After several months of maceration in organic alcohol, the plant delicately releases the subtleties of each scent. This extract, of great finesse, is mainly used in traditional perfumery or for some cosmetic formulations.

**Absolutes**

Obtained by extraction with a volatile solvent. This method is reserved for delicate vegetables that are unable to withstand the physico-chemical constraints of passing through steam. Fragrance very close to the fresh plant. Highly concentrated vegetable extracts.

\* 10% dilution in organic alcohol or in deodorised organic vegetable oil (*Helianthus annuus*)

| <p><b>Tibetan incense (Incienso)</b></p> <p>Laboratoire HÉVÉA has set up a community partnership with Kelsang Thupten, founder of 'Nham Gle Aru', a small artisan manufacturer of Tibetan incense and medicine using traditional techniques. Some of its medical products are distributed free of charge in remote villages with no access to medical care or medicine.</p> <p>This incense aims to promote Tibetan medicine products in an equitable and supportive environment. Made according to the canons of Tibetan medicine, this incense is exclusively prepared using botanical ingredients and water drawn from a local sacred spring.</p> <p>A time-honoured blend of medicinal plants, 'Sacred Source' is known in Tibetan medicine for releasing tension and relieving stress.</p> <p><a href="#">Support this artisan Tibetan medicine manufacturing project</a></p> | 0035681     | <b>42g</b>   | 9.50               |
| <p><b>Bleu antique</b></p> <p>This artisan burner is a ceramic's creation, made entirely by hand. It is fired at 1000°C and glazed at 980°C. His old blue may need several cookings.</p> <p>It has two holes to place thicks incense sticks Tibetan "Sacred Source" and also for the finest sticks. Its form slightly curved, collects the ash.</p> <p>Each burner is unique. There, the diversity of parts and craftsmanship.</p>   | 0093510     | <b>1</b>     | 23.00              |

## Order validation

- You declare that you have read and agree to these "General terms and conditions of sale". You declare that you have read the "Cautions for use" instructions relating to our products prior to placing your order. Validation of your order therefore means acceptance of the "General terms and conditions of sale" and the "Cautions for use" relating to our products.
- [labo-hevea.com](http://labo-hevea.com) reserves the right to cancel orders received from any customer who has been the subject of a dispute or non-payment of a previous order.

## Payment

1. Bank card  
International cards, Visa, Eurocard and Mastercard only.
2. Bank transfer  
It is possible to make payments by bank transfer. The costs of making a transfer shall be the responsibility of the customer. Please indicate your intention to pay by transfer in the "Comments" box when entering your details. Do not enter your card details at the end of the procedure. Your order will be registered and you will automatically receive our bank details so that you can make your payment. Your order will be processed as soon as your payment has been received.

## Secure payment

- [labo-hevea.com](http://labo-hevea.com) lets you place orders with total peace of mind thanks to its secure SSL system (Secure Sockets Layer). The information that you enter is encrypted immediately so that it can move securely across the Internet.
- We have also enhanced all scrambling and encryption procedures in order to protect all sensitive data linked to means of payment as effectively as possible.

## Product availability

- Our products and prices are valid as shown on the [www.labo-hevea.com](http://www.labo-hevea.com) website while stocks last.
- In the event of the non-availability of a product following the placing of your order we undertake to notify you of this within 48 hours, excluding annual holidays, and to inform you when we expect to have the respective product back in stock. You may request the cancellation of your order, reimbursement of the respective amount or a credit note, or you may request the substitution of the products missing from your order.

- [labo-hevea.com](http://labo-hevea.com) may not be held liable for any consequences due to a delay in forwarding goods.
- [labo-hevea.com](http://labo-hevea.com) shall not accept liability resulting from errors made by customers in providing their details.
- Any errors in delivery addresses or changes in the course of forwarding orders shall result in costs for which the respective customer shall be responsible.
- Contributions to delivery costs shall only be invoiced for one dispatch in the event that the balance of an order still needs to be delivered.

## Product compliance

### 1. Faulty products

- [labo-hevea.com](http://labo-hevea.com) undertakes to reimburse you for or to replace any faulty product or products that you have not ordered after an assessment by our laboratory.
- In such cases you should produce a detailed written report and send back the faulty product or products.
- Requests must be made within 8 working days of receipt of your order. Any complaint made after this time may not be accepted.
- You will be reimbursed for the costs of dispatch and return.
- In any event you will benefit from statutory guarantee provisions, in particular those relating to the guarantee in respect of hidden defects.

### 2. Damaged packages

- Any package opened and/or damaged, whether accepted or not on delivery, must be accompanied by "detailed written reservations, signed and dated by the consumer" and notified on the delivery note.
- The consumer must also inform [labo-hevea.com](http://labo-hevea.com) thereof by post within 2 working days of receiving the respective delivery.
- For all information regarding the procedure to follow, call +33 4 26 69 02 38.

## Reimbursement

- Reimbursements for products shall be made within a period not exceeding 15 days following receipt of the respective products.
- In the event of product non-availability, customers may cancel all or part of their order and request reimbursement (by crediting the customer's bank account), which shall take place within 15 days of the cancellation date, or customers may be offered a credit note that is valid for 60 days.

## Right to withdraw

- labo-hevea.com shall grant a withdrawal period of 7 working days from the product order date. In such cases the costs of dispatch and return shall be your responsibility. Only the price of the product or products purchased shall be reimbursed. Returns should be sent to:  
LABORATOIRE HÉVÉA  
Elche Parque Empresarial  
Leonardo Da Vinci, 15  
03203 - Elche - SPAIN
- Products must be sent back in their original condition and must be intact (packaging, directions for use, accessories etc.) and accompanied by the respective invoice.

## Intellectual property

- All texts, images, comments and illustrations reproduced on the labo-hevea.com website are protected under copyright and intellectual property rights across the world.
- For this reason, and in accordance with the intellectual property code, only private use, subject to the various more restrictive provisions of the intellectual code, shall be authorised.
- Any reproduction, in full or in part, of the labo-hevea.com website shall be strictly forbidden.

## Responsibilities

- The products offered comply with valid French legislation and the standards applicable in France and in Europe. labo-hevea.com may not be held liable in the event of non-compliance with legislation in a country to which products are delivered.
- Photographs, images and texts presented by labo-hevea.com are described with the greatest accuracy. However, labo-hevea.com shall not accept any liability for any errors found in the content of photographs, images or texts on the www.labo-hevea.com website.
